## Fee Schedule Update

September 26, 2018

Dear Provider:

Please see the attached Fee Schedule effective October 1, 2018. We are excited to announce that we have added new codes to the fee schedule. These codes are for two new services as described in detail in the Provider Alert distributed on August 1, 2018.

- **H2027 – Family Psychoeducation, per 15 minutes**
  - Psychoeducation is an evidence-based model of practice in which clients, families and caregivers are taught key information specific to their condition or situation, related to behavioral health symptoms, causes and treatment concepts
  
- **H0030 – Crisis Response, per encounter**
  - Crisis response services are services provided by an agency masters level clinician telephonically for members in crisis. These services provide immediate responses in order to promote safety and stability for an individual in crisis

The updated Provider Manual with information on the new codes will be posted on the website effective October 1, 2018 at [optumidaho.com](http://optumidaho.com) > “For Network Providers” > “Guidelines and Policies” > [“Provider Manual”](#).

Please note revised descriptions on the fee schedule to provide additional clarity:

- H0031 HN: Functional Assessment Tool (not CANS) or BH Assessment by a certified paraprofessional or professional
  
- H0032: Individualized Skills Building/CBRS Treatment Plan - Billed by clinician and paraprofessional for teaming with patient present
